Employee	

Applicants should complete this form as "Borrower" or "Co-Borrower," as applicable. Co-Borrower information must also be provided (and the appropriate box checked) when the income or assets of a person other than the Borrower (including the Borrower's spouse) will be used as a basis for loan qualification or the income or assets of the Borrower's spouse or other person who has community property rights pursuant to state law will not be used as a basis for loan qualification, but his or her liabilities must be considered because the spouse or other person has community property rights pursuant to applicable law and Borrower resides in a community property state, the security property is located in a community property state, or the Borrower is relying on other property located in a community property state as a basis for repayment of the loan. Alimony, child support, or separate maintenance income need not be revealed if you do not wish to have it considered as a basis for repaying this obligation.

IMPORTANT INFORMATION ABOUT OPENING AN ACCOUNT: To help the government fight the funding of terrorism and money laundering, the USA PATRIOT ACT, a Federal Law, requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account or applies for a loan. When you open an account or apply for a loan, we will ask for your name, address, date of birth and any other information that will allow us to identify you. We may ask to see your drivers' license or other identifying documents. We proudly support all efforts to protect and maintain the security of our customers and our country.
